We have recently added a new feature on our website called "show my order quantities." This feature will help you to keep track of your back orders, and pre-orders.

There is a pulldown menu near the top of our webpage highlight with the green circle. The "show stock status" refers to the status at our C&L warehouse.

The screenshot shows the C&L Internet Club website. At the top, there is a search bar with "All Products" selected and a "go!" button. Below the search bar, it says "36,001 in-stock titles." and "Advanced Search". The main content area is titled "New Releases" and shows a list of items. The first item is "ANIMAL LAND V.04" with a status of "future release" and a price of "CAD 11.24". The second item is "ARATA, V.09" with a status of "in stock at C&L" and a price of "CAD 9.99". A green circle highlights the "show stock status" pulldown menu, and a green arrow points from it to the "future release" status of the first item.

When you click on the pulldown menu, select "show my order quantities". Now your pre-order/backorder quantities are shown.

The screenshot shows the C&L Internet Club website with the "show my order quantities" pulldown menu highlighted with a green circle. An arrow points from this menu to the "Qty Ordered" column of the product list. The product list now shows "ANIMAL LAND V.04" with a quantity of "0" and "ARATA, V.09" with a quantity of "0". The "BLACK BIRD, V.13" item is also visible with a quantity of "0". The website also features a "Shopping Cart" section, "product links", and a "New Releases" section.

Suppose you want to check if you've ordered sufficient quantities of all March releases. Just click the "March Releases" link and then "show my order quantities" as shown below.
